DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 1 and 12 recite a magnetic core and a magnetic field shield member. However, neither claim clearly recites elements for the claimed apparatus.

Allowable Subject Matter

3. Claims 1-22 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Prior Art

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Gay et al. teaches a mass of magnetic particles dispersed in a shell.
